DEDICATION

PROJECT LOVE

We feel honored to dedicate our 1980 Shonto yearbook to the participants in "Project Love". We pay tribute to the McDonnell-Douglas Aircraft Management Club, the Knights of Dunimas, and all the others in southern California who have so warmly opened their hearts to our Navajo children.

When you mention the word "California" to the very young students, their eyes instantly light. For them this is the magical place from which their Christmas presents arrive, and... yes, even Santa Claus. For 12 years, ever since Mr. William Snowden initiated "Project Love", colorful and mysterious packages have appeared at many reservation schools at Christmas time. At the sight of these presents, excitement mounts until the day of the Christmas parties. Then each child waits until miraculously he hears his name called and one of those beautiful packages belongs to him.

It is for this precious moment that these people in California labor so long. Early in the fall, teachers fill out a form for each child, requesting certain gifts. These forms are delivered to California where the McDonnell-Douglas Aircraft Management Club distributes them to families and individuals who have volunteered to provide gifts. When the gifts are bought there is a great effort to get the packages organized and delivered. The Knights of Dunimas, a unique organization of Eagle Scouts, help in this effort. Representatives of the Management Club and the Knights of Dunimas always come to Shonto to help at the four dormitory Christmas parties — to play "Santa Claus" to our 1,000 students who otherwise might have a less than bountiful holiday.

What a joy to watch a little girl's smile when she receives her very first doll! Or to watch the little boys race their shiny new trucks and cars. The older students, though sometimes less demonstrative, are happy to receive their watches, radios and other items which television shows them other American teenagers have. Many parents come in to watch their youngsters at the party and their happiness is evident, for often the budget in a large family doesn't allow for toys.

This project is truly a worthwhile one for those who give as well as for those who receive—for there is no warmer feeling than to know you have made someone else happy. For the many years in which "Project Love" has brought smiles and joy to our Shonto students, and for the generosity and concern shown by the employees of McDonnell-Douglas, we are truly grateful.

DEDICATION

MISS ARLIE ANDERSON

Miss Arlie Anderson, a native Oklahoma/Idahoan, came to Shonto January 15, 1966, as Department Head Academic. During this time her assignments and jobs were varied - especially the bottom line of her job description - "AND OTHER DUTIES AS ASSIGNED" (or undertaken). Later, her job was retitled to Teacher Supervisor and she was given the Lower Academic Department.

Among her other duties - coaching the Girls' Varsity Basketball team for several years, coaching the Boys' Junior Varsity Basketball team, coaching the Girls' Varsity Softball team, and starting our first Girls' Pee Wee Basketball team. She helped us start the Saturday Night Movies, and helped in the concession and at the door. The picture frames in the main hallway are part of her "away from Shonto SPARE TIME" activities.

During her years at Shonto, she has seen many of her Pee Wees graduate and return here for employment in various departments - recreation, guidance, and academic.

Many of the current programs in operation are either a direct result of, or a by-product of, Miss Anderson's work with her staff. The present Title I is one of these products, as well as the establishment of the Physical Education classes.

In 1966, she made a statement in one of her staff meetings which is indicative of her philosophy: "If you can not be loyal to the place where you are employed, then you will not make a good employee." She believed this and practiced this. She was loyal to Shonto - assisting the principals whenever she could and in whatever capacity she could. Her dedication is proved in the fact that in over twenty years of service to the BIA she missed very few days from her duty station.

The school and community have many reminders of the service Arlie Anderson gave to Shonto. On July 30, 1979, Miss Anderson began her retirement. We at Shonto wish her many years of success and happiness in her retirement. She will not be forgotten.

THE SHONTO COMMUNITY

The people of Shonto, Inscription House, and Navajo Mountain have always felt a great deal of pride in their school. In the chapter houses and school board meetings much discussion and planning surrounds school issues, for the Navajo have almost universally come to appreciate the need for education. They know that with the younger generation rests the promise of "The People". The parents and grandparents must make numerous sacrifices to send their young ones away to boarding school. Often the grandparents themselves must arise before dawn on cold winter days to do the chores best suited to the young who are at Shonto - warm and comfortable in their dormitory beds. While the youngsters are learning in the classrooms or relaxing with sports and movies, their parents are doing the day-to-day tasks of running the home - carrying water, bringing in wood, and caring for the livestock. Yes, the older generation makes many sacrifices for their children.

But from the elder people in their family and community the students can learn much - for the older ones are the true Navajo, the respected keepers of the heritage. In their calm and dignified manner are reflected their certainty in their beliefs and way of life. To meet the challenges of a changing world, the young need not only the education we can give them at school, but also the true values and traditions of their grandparents to give them a sense of self and of security. Only with this background as a source of strength can the younger generation achieve a successful blending of the old and the new. It is the hope of their parents and community leaders that these young people can reach that goal.

The community members enjoy a meal at the Shonto cafeteria.

ADMINISTRATION

To: Students and Staff

As Principal, I would like to express my profound appreciation of the work and effort by the student body and staff. The staff has been an exhilarating crew to work with and I am positive the student body wishes me to express their gratitude for the staff's long hours of hard work.

It is interesting to trace back the many activities of the school year. The athletic league championships were achieved by dedication on the part of the student athletes and the coaching staffs. I am proud to know that in addition to our undefeated athletic team records that academic excellence was also attained as well. The entire school's testing program records indicate that we are now the number one school on the Navajo Reservation.

I wish to thank all of our staff, coaches, parents, interested community members, and especially the student body of Shonto, for making the 1979-1980 school year the most outstanding year we have ever had.

CONGRATULATIONS! to our fine graduates. May the best life has to offer come your way.

I am looking forward to seeing the rest of you next fall for another succesful year.

*Sincerely,
Lyle G. Elton, Principal*

HOMECOMING 1979

Parade time ... proud Cub Scouts ... flags waving in the breeze ... Shush covered with bright balloons ... colorful cars and lovely girls ... Indian maiden in pony cart ... excited spectators ... mighty Bears football team ... victory again! ... off to the dance ... "Evening in Paris" ... the attendants arrive ... "All rise for the Queen!" ... handsome quarterback crowns the Queen ... beautiful Karen ... Disco Dancing ... fun time for all!

As is the custom at Shonto Homecomings, the theme and decorations reflect a change of pace and scenery, representing another culture or a faraway place. When the narrator, Karen Tallman, opened with "Paris ... the City of Lights", everyone knew that another great Shonto Homecoming was in the making.

The day had begun with an exciting parade - Shonto's longest ever - featuring imaginative floats like Dorm 2's winning entry, enthusiastic student marchers, and the beautiful Queen candidates.

After the parade, the football game was a stunning success as the Bears defeated the Kaibeto Cardinals, 36-0. Everyone was in great spirits for the coronation ceremony that night. Karen Jim, representing Shonto, was crowned by Hugh Dayzie of Black Mesa, amid decorations of kiosks, sidewalk cafe awnings, and an Eiffel tower. The sound of French music accompanied the waltz in honor of the new queen. After the formal ceremonies, the students relaxed and danced to popular Disco records until late hours, then returned home with pleasant memories of another successful Homecoming celebration.

Waiting for the coronation to start.

"This could be a painful experience."

"I won!"

"Maybe some day I'll be queen."

WE WATCHED THE GAME

"Up! Up! and Away! in my beautiful balloon," sings the Shonto Bear.

"Hurrah for Shonto!"

"Run for a touchdown!"

Both sides are interesting.

CHRISTMAS

AT SHONTO

VALENTINES DANCE

The Valentine's Dance was planned and sponsored by the Student Council. Students from each seventh and eighth grade homeroom decorated the gym to fit the theme "Disco Nights". They used red and white streamers, balloons, the traditional red hearts and students' names written in glittering gold letters. Music was provided by "Disco Bob" and his records. The students really enjoyed the modern music and the flashy lighting effects.

"I think she's looking at me."

"Let's dance!"

Disco Bob plays favorite records.

"Happy Valentine's Day."

BOY SCOUTS

TROOP 237

BOTTOM ROW: Edwin Bryant, S; Shelton Dalgai, S; Ronnie Interpreter, S. SECOND ROW: Raymond Nez, S; Ronald Billings, S; Enos Begishe, S; Steven Interpreter, S. THIRD ROW: Jerry Clitso, S; Wilbert Manheimer, S; Leonard Kee John, S; Wilton Johnson, S. FOURTH ROW: Mr. Hicks; Marvin Bedonie, 2; Hebert Manheimer, S; Dennis Atene, S; Carlos Begay, S; Mr. O'Neill.

This year Shonto has a new addition to its Scouting program. Troop 237 (boys 11-13) and Explorer Post 237 (boys 14-18) have been combined under one leadership structure. Mr. Hicks is now both Scoutmaster of Troop 237 and Post Advisor for Post 237. You can recognize the Explorers in the group picture by the darker green uniforms. The "S" and "2" after each boy's name stand for "Scout" and "Second Class" rank, respectively.

Swimming, hiking, camping, cooking, summer camp, and a trip to the Navajo Youth Fair in Window Rock are all planned for the 1979-1980 school year. We may even have another Camp-O-Ree!

Another addition is Carlos Begay, Marvin Bedonie, and Edwin Bryant who serve in our Den Chief program by helping Pack 237 with the Cub Scout Program.

Scouting means friendship.

"... to obey the Boy Scout Laws, and to finish this coke."

BOTTOM ROW: Mr. Black, Lolita Smith, Sherry Hicks, Sadie Hicks. SECOND ROW: Kevin Black, John Black, Harrison Nelson, Larry Gamble, Elroy Jay Watson.

Wranglers Club was organized seven years ago as an after school activity, beginning in March and ending in May. The main purpose is to provide an after school activity similar to that at home, thus helping students feel comfortable while away from home. The club also introduces and instructs students on the fundamentals of rodeo. Also, the club is to help students solve their problems and encourage them to stay in school and pursue their education.

Wranglers Club begins by meeting with the sponsors and planning the activities for the Spring. Members planning to stay with the club meet during the Summer and travel together in the Junior Rodeo circuits. The club also involves trips to bigger rodeos such as All Indian National Final Rodeo in Salt Lake City and Professional Rodeo Cowboys' Association Rodeo in Phoenix.

The routine includes ranch related work such as building and mending corrals and fences. The students learn how to care for and train livestock, which involves some veterinary work and grooming. Areas of instruction include training horses for riding, working with show animals such as bulls and sheep, and training on the mechanical bucking machine. Proper rodeo riding instruction and safety procedures are provided for the following events: calf and steer roping, barrel racing, pole bending, and optional events according to student interests.

The club also counsels students on matters concerning academic and guidance problems. The students listen more attentively and maintain what they have acquired when they are interested in their activities and the persons working with them. The club discusses high school preparation, summer activities, and future goals. The students want to improve any abilities they possess.
